NEW PROJECT

PPT Blog

WAPP has started a new project – "Blog of Positive and Transcultural Psychotherapy". We, as PPT practitioners, are enriched by the exchange of professional experience, knowledge, skills in applying the principles and concepts of PPT. And we think these aspects of psychotherapy are very important, including to be open to people and the world outside the scientific community. And we hope to reflect that in our transcultural blog.

Please send your blog articles via journal@positum.org

MEMBERSHIP 2022

Dear members of the World Association for Positive and Transcultural Psychotherapy,

We're fast approaching the end of this year, and plans for the next year are already emerging gradually.

We are very excited to see the next **year's World Congress for Positive and Transcultural Psychotherapy** starting to take shape. We will gather in Greece, on the beautiful island of Crete, 500 people from about 30 countries, in a unique event that will take place on 23-28 October 2022, and it will surely be the highlight of the year for the attending members.

Registration for the Congress will start in **January**, and registration fees will, as usual, be **significantly discounted** for the WAPP members with no outstanding membership fee payments (that means, with their membership account up to date regarding payments).

Keeping this in mind, we'd like to kindly remind you to check your fee balance, and to please make an effort to schedule an early payment of your 2022 membership fee. This will allow us to grant you the discounted attendance price when registering for the World Congress, and it will help us realizing this exclusive event.

We are here for any questions or issues, just let us know. Thank you for your continuous support!
