WORLD ASSOCIATION FOR POSITIVE
AND TRANSCULTURAL PSYCHOTHERAPY

WAPP NEWS

June 2022

INTRO

#WAPP

Dear Colleagues and Friends,

our World Association becomes more and more global. We have now more than 2,200 members in 42 countries and keep developing. The network of positive and transcultural psychotherapists offers trainings and treatment to thousands of people around the world.

During the last months, the WAPP Board, its three international committees, and the Secretariat Team worked quite hard to bring more professional service to all of you as our members. We would like to give you today an overview about some of these (long-term) projects. During the next weeks and months, more information will be shared with you. Please take time to read the following announcements. Thank you for being a part of #positum family and let us all continue our important work.

With best wishes,
WAPP Head Office

WAPP MEMBERSHIP BENEFITS

IMPORTANT UPDATES

Membership status

The members of an association are most important, and we want you to have as many benefits of your membership as possible. At the same time, there are unfortunately some members who do not pay their membership fee regularly, sometimes even not for several years. Therefore, the WAPP Board decided – like in many other associations – that a member will lose the membership status, if he or she does not pay after one full year of lapsing the membership fee payment. The process will take place each December for the year previous (in Dec. 2022 we will process lapsed payments of 2021). The Board also determined exemptions from this new rule, applied to those members of WAPP who are going through extraordinary circumstances. They should turn to the head office.

Member portal and new database

We are pleased to announce that WAPP is on the final steps of integrating a new membership management system. This is a platform that will bring many new benefits to our members: being able to add, edit and update personal data in the membership portal & directory, easier communication & networking with other members, centralized event registration, having all-in-one-place: certificates, event attendances and membership payments available under the member profile, and many more. We are looking forward to introduce it to you until mid-summer.

Board Elections

The election of a new WAPP Board of Directors 2022-2024 is due this year. The Board of Directors is elected every two years. As in the past, this year's election will take place only online again with the help of an online election tool. It will take place in October 2022, and the results will be announced at the online conference in November. All full WAPP members in good standing (who have paid their membership fees for 2022) will be able to make their votes. Members from Ukraine or other parts of the world in which payments are difficult this year, can ask for exceptions. You will soon be informed about more details on nomination and election process.
