Which experience of yours will be an asset to the work of such an international board as WAPP?) With other words: why should people vote for you?

*Our Association is in an important development process, and I am ready to continue to contribute my energy, thoughts, and time to that. We are now an international positive mental health movement in 42 countries, and the quality of our work and a good organization gets more and more important. I would like to help with the consolidation of the goals we have already achieved; to continue to involve more young members in the work of WAPP; to establish friendly relationships to other modalities and international associations; to contribute to the international recognition of PPT and WAPP; to expand PPT trainings to some other countries and continents; and to increase the publications about PPT. Very dear to me is the unity of our Association and among its members.*

7. Please add a current photograph of you to this application.

-----

In case of being elected as member of the WAPP Board of Directors I will accept.

The task of a WAPP Board member involves a weekly workload of 2-4 hours. I hereby confirm that I am willing to voluntarily devote this time to the duties of a Board member.
