Please provide a brief description of your vision for contributing to the WAPP Executive Board. What specific skills, experience, or perspectives will you bring to the Board? Why should members vote for you?

In current situation of a political and international interpersonal crisis my capacity to be moderate, stable, patient in any sort of negotiations can be useful for board;

I'm Russian but I do not support the Russian government and I left my country because of that so I can understand people from different social perspectives;

Due to my involvement in work of the committees I'm informed about the developmental processes of WAPP;

As an international trainer I know about the challenges and possibilities of the educational processes in PPT;

Since I quit being a member of Board in 2016 I visibly developed my diligence and openness through long term participation in the committees and in Russian trainer's council so I hope to be more useful member of the Board than before.
